

Health Comics Design and Development

Project Title	Health Comics Design and Development
Project Summary	Create engaging comics educating the public about serious public health concerns and conditions.
Country	United States
Agency	National Library of Medicine
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	2

Project Description

Research a health issue, develop a story board, and create an engaging graphic medicine comic targeting a special population group, such as individuals living with chronic illness, seniors, or adolescents. With the assistance from National Library of Medicine specialists in information science, education, and public health, plan and implement all phases of the process.

Desired Skills Interests

Additional Information

National Library of Medicine (NLM) has been a center of health information innovation since its founding in 1836. This internship is with the NLM's Division of Specialized Information Services. Applicants should have prior experience with comics design. Please, submit examples of your work / portfolio with you application.
